

Submit a petition to the DEO

Step 1: Choose a lead petitioner to fill in the petition template based on your discussion.

Step 2: Assign households to participants for signatures. The more signatures the better!

Step 3: Find someone in the village who can help you in scheduling a meeting with the DEO. If you are unable to find anyone, call DEO office and set up an appointment yourself.

Step 4: Meet with the DEO either individually or as a small group to submit the petition.

Possible outcome: The DEO may agree to take action on your demands.
